PRESIDENT'S MESSAGE

The London Daily Papers Regard It as a Remarkable One.

The Papers Are Skeptical of Any Great Outcome of the President's Efforts in the Direction of Reforms.

London, Dec. 4.—The London daily papers yesterday morning, looking at President Roosevelt's message from the point of view of its literary power and the wealth of weighty matters discussed, regard it as one of the most characteristic and remarkable messages ever sent to congress.

On the whole, however, the newspapers are skeptical of any great outcome of the president's efforts in the direction of reform of the nation, and are skeptical of any great outcome of the president's efforts in the direction of reform of the nation, and are skeptical of any great outcome of the president's efforts in the direction of reform of the nation.

The Daily Telegraph says it would have been an interesting document, but that it is not a great outcome of the president's efforts in the direction of reform of the nation, and are skeptical of any great outcome of the president's efforts in the direction of reform of the nation.

PROCRUSTATION.

A man of great renown has wisely said, "That which is good to be done cannot be done too soon, for if it is neglected to be done early it will frequently happen to not be done at all."

That's true of nothing else than of life insurance. It's the everlasting putting it off of uninsured people that brings half of the misery we perceive about us.

See you later? has made millions of widows and hopelessly orphaned than all the wars and famines that have devastated the earth.

Where do you stand reader? Are you a man of today—the day you are sure of; or do you belong to the tomorrow crowd—the tomorrow that may never come.

If you are on the wrong side of the question put yourself right before sundown today by applying to the Mutual Life Insurance Company of New York, for a policy guaranteed by over three hundred and twenty-five millions of dollars in assets.

Announcements.

CONGRESS.
The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

In a separate opinion filed in the Pratt case, Chief Justice Payton shows that Judges Bannan and Guffy have written opinions exactly the reverse of the one handed down Wednesday. He characterizes the majority opinion as unfortunate, far-reaching and revolutionary, as it reverses 16 other cases decided by the court.

Congressman Boreing took K. J. Hampton to see President Roosevelt in regard to a re-examination of the latter for army position. Tae President, as soon as he saw them, remarked to a numerous company could hear: "You Kentuckians have had your day in court. I think I will divide this Government into two parts—one to look after the politics of Kentucky and the other to attend to the affairs of the Government."

Mr. Boreing retired very much confused.

The defeated Republican candidate for County Clerk in Johnson county has contested the election of his opponent, and the Commercial is making a painful effort to say something consistent about contests, and at the same time endorse the action of Preston, the contestant. This finds considerable difficulty in doing, because of the manner in which it has paved the air in the past in opposition to contests. The truth is that every partisan is willing to see his own party win on contests, and many of these same partisans are not willing to grant the same privilege to the opposing party. Better be honest about this part of it, at least.

MIXED SCHOOLS.

Berea College is being extensively advertised through this section, and we feel that it would be only right to call attention to the fact that it is a school in which both negroes and whites are admitted on equal footing.

Such a school could not live in Kentucky were it forced to rely upon its earnings, but it is sustained by Northern capital and Northern contributions.

We would advise our colored people to attend this school. It offers them good advantages. But we cannot advise our white students to go there. Those Northern people who believe in mixed schools so strongly as to put up money to establish one in our midst are not sending their daughters or sons to this school, so far as we are able to learn. If they would do this, the people down this way would accept it as strong evidence of their sincerity in the belief that mixed schools are the proper kind.

Mixed schools are unnecessary, unwise, unpopular, and have a degrading and dangerous influence upon the children who attend them.

SAW DEATH NEAR.

"It often made me heart sick," writes L. D. Overstreet, of Elgin, "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with consumption that no medicine or surgery could save her, but a friend recommended Dr. King's New Discovery, and persistent use of this excellent medicine saved her life." It is absolutely guaranteed for coughs, colds, asthma, and bronchitis and all throat and lung diseases. Steadfastly try it. Trial bottles free at A. M. Hughes drug-store.

RUSSEYVILLE

Clifford Moore, of whose illness we have spoken a time or two, died last Friday at 5 o'clock. He bore his sufferings patiently, and died in the full faith of a triumphant living after death. He was 19 years old, and a son of Late Moore, a descendant of a large train of the Moore family, who were among the earliest settlers of this country. His funeral services were conducted by Rev. Albert Miller Sunday. He was buried in the Harvey Compton Grave yard, on Lick creek. The bereaved family has the sympathy of all.

Rev. Rogers, of Mt. Airy, preached the funeral of Mrs. Lydia Mullins, at the home of her father, Jesse Thompson, Sunday. The funeral of Mrs. Mary Gibson was postponed.

A. D. Bessell, of Lost Creek, W. Va., raised a steer weighing 2,120 pounds, which sold last Wednesday at the fat stock show in Pittsburgh, Pa., for \$1,280.

The Standard Lumber Company, of Huntington, has received an order from Liverpool, England, for one-half million rived staves. This is the largest contract ever placed in West Virginia.

Miss May Perry, daughter of our townsman Joseph Perry, and Mr. Edwin Wolfe of Mill creek, were united in marriage Sunday, at the residence of the bride's parents by Rev. W. D. Garrett, Logan Banner.

Timbermen along the upper Guyandotte are complaining about the inability to secure corn and hay for their cattle and teams. It is said that corn is already selling at ninety cents a bushel in some parts of Wyoming and that before spring it may go to twice this amount.

All the corn that is being hauled into that section has to be taken across the mountains a distance of almost forty miles. The timbermen are greatly worried over the situation.—Wayne News.

The Cereus advance, an excellent weekly newspaper, says in its last issue:

"With this issue the Advance ends another round trip in its existence. Sixteen years ago the paper started out in a frail craft on the uncertain and perilous sea of journalism, since which time it has encountered many storms and occasionally it seemed almost impossible to 'stem the tide' and successfully combat the 'white caps' of adversity; but now thanks to appreciated patronage, our bark has been proven sea-worthy and we start on the seventeenth trip with calm waters and prospects of a pleasant and prosperous voyage."

Twenty-five thousand acres of coal and timber lands on Lick fork of the Pole, near East Lynne, Wayne county, have been sold to Pittsburgh parties representing an Eastern syndicate. These lands are among the most valuable in the state, and it is rumored that the company, which has also bought coal lands in McDowell and Mingo counties, will be in opposition to the present coal trust.

A line of railroad 30 miles in length will probably be built from East Lynne to Huntington to get an outlet, thus avoiding railroads now favorable to the trust. The development will begin early in the new year. Hon. R. J. Pritchard, of Wayne, controlled practically all the lands sold in the above deal. Logan Banner.

INCOME \$200,000 PER DAY

Tremendous Receipts and an Immense Amount Held by the Mutual Life Insurance Company for its Policy Holders.

New York, November, 23.—Recent occurrences have called world-wide attention to the high character of the investments of the Mutual Life Insurance company of New York. No questionable securities of any kind are ever considered by the company. An evidence of the thrift and skill of the management is the fact that the Mutual Life has either paid back to policy holders or holds for their benefit nearly ninety million (\$90,000,000) dollars in excess of the entire sum ever received by the company from its members. This is nearly four times as much as the twenty-eight other life companies reporting to the insurance commissioner of New York can together show. The income of the Mutual Life is more than two hundred thousand dollars every day.—(Cincinnati Times Star.

C. W. Lynch, Winchester, Ind., writes: "I owe the life of my boy to Foley's Honey and Tre. He had membranous croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." A. M. Hughes.

BUCHANAN

A very pretty wedding of special interest was solemnized at the residence of Mrs. Ball, Thursday, Nov. 28th, when Miss Elizabeth Layne was united in marriage to Mr. John C. Buckley, of Estep. The impressive service was read by Rev. Ball, pastor of Kavanagh circuit. These two young people are well known throughout the county and all join in wishing them happiness and success in life. A Friend.

PRESTONSBURG

Died, Nov. 27, the little two-year old daughter of Circuit Clerk, L. P. Mayo. She was buried in the May cemetery near town, on Thanksgiving day. We extend sympathy to the parents and trust that they will strive to meet their dear child in the paradise of God. Our school is progressing nicely. The dormitory is nearing completion, and pupils are engaging rooms for the winter term. Thanksgiving day was observed by school and business men of the town. Services were held at the Methodist Church by Revs. Carmichael and Pennbacker.

Frank A. Hopkins is being urged by many of the citizens to allow his name to come before the next Congressional convention as a candidate to represent our interests in the House of Representatives next time. He was quite a prominent candidate before for the nomination, but was defeated by a few votes in the general convention. He is a true Democrat, a successful business man, a gentleman of irreproachable character, energetic, industrious, kind hearted, intelligent, a good speaker, and sufficiently popular to carry the vote of the Congressional district by a large majority. We are confident that if Mr. Hopkins will consent
